Equipment Maintenance

From: Fire Service Academy
Vocational Education and
Extension Board

Re: Pump Tests at NCFSA

In order to provide additional training sessions at the Nassau County Fire Service Academy, the Vocational Board determined that it would be in the Fire Service's best interest to request reimbursement of \$225 from Nassau County departments for the cost of doing pump tests, effective January 15, 2012. Upon completion of each pump test or completion of all pumpers of the fire department, a bill will be sent. Please furnish us with proper contact and billing address. If a voucher or purchase order is required please furnish.

If there are any questions, please call Chief Brown at (516) 572-8600.

Yours truly,

John P. Brown
Chief Instructor
